This is a full day excursion and we visit Forman's Smokehouse, Britain's original salmon curer and one the world's oldest existing producers of smoked salmon. The factory is situated in the East End of London on Fish Island in Hackney Wick. On arrival we are served tea/coffee/pastries in their own restaurant over-looking the water. The tour starts with a talk on the history of H Forman & Son which goes back over a hundred years. Then we will be given protective clothing to descend into Forman's famous London Smokehouse where we will be shown the process of producing the world's finest smoked Scottish salmon including a smoked salmon carving demonstration by the Guinness World Record holder, who previously won a carving competition against Gordon Ramsey. After the tour we collect our delicious picnic lunch (a smoked salmon bagel, salad, drink and chocolate brownie) and depart from Formans by boat for our own private two hour cruise along some of the forgotten rivers of East London and through the beautifully landscaped parklands of The Queen Elizabeth Olympic Park. Afterward we re-join our coach for the return journey to Chalfont St Peter.

This trip comes highly recommended and promises to be a different and informative day out.
