For over 100 years the Morgan Motor Company have been making exciting sports cars in the beautiful spa town of Malvern. Morgan cars are famous the world over for their unique blend of charisma, quality materials, craftsmanship and performance. Equally at home on the race track or the open road, there's nothing like a Morgan.

After our welcome refreshments on arrival we will meet our tour guides, and following the viewing of an Introductory film which will tell us all about the history of the family business we shall head in three groups to the factory. Here we can view all the workshops and see the vehicles as they are hand-made from start to finish.

We will then break for lunch in the on-site café which serves delicious home-made soup, sandwiches and light snacks.

In the afternoon we have time to visit the Morgan Motor Museum and the shop with its wide range of luxury goods and accessories.

Trip Advisor give a visit to the Morgan Factory a 5 star rating. It's clearly a day not to be missed!
