Have you ever wondered why Britain has had so many eccentrics over the centuries? Great British Eccentrics is a highly amusing talk which looks at some of the world's great eccentrics and rogues who just happened to be British!

Paul takes you on a light-hearted journey that looks at some of the great characters from our past like the Lord who spent many hours floating in a large indoor glass water tank writing rude letters to the Prime Minister and Mad Jack Mytton a British eccentric and rake of the Regency period .

Listeners hear from a unique singer, a comically UFO obsessed peer, and then to more recent times some of the great eccentrics of the last thirty years including some world-famous characters whom you will recognise immediately as well as wonderfully ordinary eccentric people.
